

LEAP LEARNING COMMUNITY

Get involved.

Be a LEAP SCHOLAR.

- Open to ALL students.
- A great way to get connected.
 - Small class sizes
 - Same classmates, professor & peer advisor for two semesters
 - A dedicated class librarian
- Learn valuable interpersonal skills & discuss socially relevant issues that align with your major, and get research instruction and assistance.
- Maintain a 4-year graduation schedule by completing General Education requirements - Humanities, Social & Behavioral Science, Diversity, and International (depending on course).
- Scholarships and employment available for students after the completion of two semesters of LEAP.

Make the Big U feel small by being a part of LEAP! Choose courses that say “LEAP” in the subject column. Classes are available to all students as you register at orientation.

The LEAP courses you choose will help prepare you for your major, but subjects do not necessarily need to coincide with your declared major.

FALL 2020 LEAP Courses

Course Title	Subject	Course # - Section	General Ed Requirement
